History of GNOME.Asia

It will be the eighth edition of GNOME.Asia Summit. In previous years GNOME.Asia Summit has been held in Beijing, China in 2008 and HoChiMinh City, Vietnam in 2009, cohosted with COSCUP Taipei, Taiwan in 2010, Bangalore, India in 2011, Hong Kong in 2012 and Seoul, Korea in 2013. The joint GNOME.Asia Summit & FUDCon APAC 2014 conference was hosted May 23 - 25, 2014 at Beihang university, Beijing, China.

GNOME.Asia & FUDCon APAC 2014 attracted more than 355, users, developers, business professionals, media, students and government officials, including 50 speakers from all over the world.

There was a booth area with 12 booths from sponsors and communities. The media team documented the summit with photos and video recordings including a summary of each day. GNOME Asia Summit 2014 was considered very successful by all parties.

GNOME.Asia Summit 2013 in Seoul, Korea attracted hundreds of participants including many GNOME developers, speakers and community members within Korea. Karen Sandler, Executive Director of the GNOME Foundation and Allan Day delivered keynotes and there was two track programme with three workshops.

In 2012 in Hong Kong, 26 foreign speakers and 4 local speakers shared their experiences in various aspects around GNOME. Participants from other Asian countries including Mainland China and Taiwan got together facetoface with Hong Kong activists to build stronger relationships.

GNOME.Asia Summit 2011 was held in India just before the launch of GNOME 3.0. There were 40 presentations and lightning talks from 30 speakers coming as far as Canada, USA, France, Germany, Belgium, and Sweden. Of course Asian countries such as China, Taiwan, the Philippines and India were well represented too. About a thousand participants attended the event with 15 sponsors and partners.

GNOME.Asia Summit 2015

The GNOME.Asia Summit 2015 will be held in Depok, West Java, Indonesia. Depok City is a gate of West Java Province, 30 km from Jakarta, the capital of Indonesia. Depok as a city has a vision to be comfortable and civilized with an accountable government. It continues developing its society-based economy by focusing on services that optimize the city's existing resources. For Business Information Technology development, Depok has a high potential amongst students and Free and Open Source Software activists.

Trend of GNOME

Simple and easy to use. Every part of GNOME 3 has been designed to make it simple and easy to use. The Activities Overview is an easy way to access all your basic tasks. A press of a button is all it takes to view your open windows, launch applications or check if you have new messages. Having everything in one place is convenient and means that you don't have to learn your way around a maze of different technologies.

GNOMETM ASIA
summit 2015
May 7-9, 2015 | Depok, Indonesia

"We are looking forward to welcome the GNOME community to Indonesia, a country that has a large Free and Open source community, we are excited that they will gather for GNOME.Asia Summit 2015" said Estu Fardani, a member of the local organizing team.

The GNOME.Asia Summit 2015 will provide a unique opportunity for stakeholders to discuss Free and Open Source Software solutions, programming, promotion and challenges for GNOME, but also other Asian free software communities face while growing. Besides being a community event, the summit is set up to function as a gateway for companies interested in Asian markets.

We are offering sponsorship partnership for the event.
As a sponsor, you are offered:

- Matchmaking opportunities with local enterprises, which will be invited to a business session;
- Marketing opportunities featured in conference materials and presented in media announcements;
- Networking with highly capable developers and welltrained students.

We are expecting about 500 participants with delegates from Asia and around the world. The GNOME.Asia Summit is a unique and international conference which offers sponsors the chance to tap into fast growing local markets, discover new business opportunities, and increase awareness for their products among early adopters and technology multipliers.

Universitas Indonesia (UI) will be the location of the organizers of this event. UI is the largest university and one of the first university in Indonesia. UI was founded in 1849 and represents the most experiencing educational institution in Asia. UI has the FOSS community and good development environment FOSS with fully supported by the university. Furthermore, UI campus is one of the most magnificent green campuses in the world. UI has two campuses; one is in the central business in Jakarta (Salemba) and the second one is located in Depok areas (West Java). Depok campus is a green campus covering 320 hectares. UI maintains the ecology conservation by utilizing only 25 percent of area for academic, research and student activities; while up hold 75 percent for forestation.
